ADEA AADSAS
Application Walkthrough
2020-2021 Application Cycle
May 12, 2020-February 3, 2021
What is ADEA AADSAS?

The ADEA Associated American Dental Schools Application Service (ADEA AADSAS®) simplifies the process of applying to dental programs. You start by selecting the programs you wish to apply to, then you submit one application that includes all necessary materials. Once received by ADEA AADSAS, your application and materials go through a verification process before being transmitted to all of your selected programs. Click here to start your application.
Prior to the Start of the Application Process:

- Research programs you wish to apply to. Pay special attention to:
  - Cycle dates and deadline requirements. In some instances, the individual program’s deadline may differ from the application’s cycle dates. ***Please note that some schools have extended their deadlines due to COVID-19, so you want to make sure you know these new dates by checking the schools website.
  - Utilize the ADEA Dental School Explorer online to find out information on each school. If you do not have access to this online book through the Pre-Dental Society, you can purchase it online [here](#). Choose the subscribe to Dental Explorer option.
  - Complete the Dental School Selection Worksheet in Excel to keep track of each program’s information.
  - Make sure to use Chrome or Firefox as these browsers work best with the application.
  - ADEA AADSAS charges $259 for the first program you apply to and $112 for each additional program. Some programs may have an additional supplemental fee; contact your programs to learn if they require this and how to pay it. Minimum requirements, including prerequisites, standardized test scores, supplemental applications, foreign evaluations, letter of recommendation requirements, etc.

Misrepresentation of identity and/or dishonest, threatening, or offensive communication will not be tolerated.
ADEA AADSAS Background Checks

Overview

Background checks vary widely from program to program. Some programs require applicant background checks prior to acceptance, while others require these checks as a condition of matriculation. For questions about background checks — including when in the application process this must be completed — contact each of your programs directly.

Background checks reflect all prior convictions, guilty pleas, city ordinance citations (such as public intoxication), illegal possession(s) including possession of alcohol under the legal age, payments of fines (including those for traffic violations), and in some cases, prior records thought to have been expunged. Note that in some states, common traffic violations can be considered misdemeanors.

Programs that Require Background Checks

ADEA AADSAS has partnered with Certiphi Screening to offer participating programs the option of a national criminal background check (CBC) process for accepted applicants. If you receive an offer of admission from a CBC participating program, Certiphi Screening will email you with instructions on how to complete the background check process. Receipt of this email indicates that the CBC is required as part of your acceptance to the program.

Note: before a CBC can be completed, you must pay a required fee of $75 USD.
AADSAS Opens: For this cycle, ADEA AADSAS “soft opens” on **May 12, 2020**, allowing applicants to start the 2020-2021 application three weeks prior to the official opening. For applicants, this added preparatory time ends the pressure to submit same-day, resulting in applications at-the-ready for submission on **June 16, 2020**. Before this date you should have:

- Completed all your pre-DAT prerequisite courses listed on the Pre-Dent Quick Facts Sheet
- Generated a DENTPIN.
- Taken or scheduled the DAT ([Prometric Testing Center](#)).
- Asked your four evaluators to write letters of recommendation (one general dentist, two hard science professors and one professional letter unless stated otherwise by a school to which you plan to apply). Our office does not do advisor or committee letters.
- Set-up Interfolio for your letters of recommendation ([Interfolio Website](#) ***See slides 57-61 of the PPT). Our office also offers [Interfolio Instructions](#).
- Completed a 4500 count personal statement (***See slides 75 & 76 of this PPT)
- Compiled a resume.
- Documented your shadowing hours with a general dentist (***See slides 62-72 of this PPT)
- Filled out the [Experience Excel Worksheet](#) so that you can copy and paste the information into the application once it opens.
- Printed out an unofficial transcript to help you list your courses within the application service.
- Re-applicants should print out a copy of their 2019 application in preparation for the 2020 cycle.
Beginning at the start of the 2020-2021 cycle, ADEA AADSAS will use a paperless fee waiver request process. Applicants requesting fee assistance must submit supporting documents electronically. Paper documents will no longer be accepted and if received by ADEA AADSAS will be destroyed and not returned to you.

A limited number of fee waivers are provided to qualified applicants on a first-come, first-served basis. Each fee waiver covers the initial application fee and two additional program designations, for a total of three designations. If you wish to apply to additional programs, you are responsible for the remaining balance. If you received a fee waiver during a previous cycle, you may still apply for another in the next cycle.

You may request a fee waiver as soon as you create an application, but keep in mind that fee waiver funds can be quickly depleted.

To view the fee assistance program instructions, qualifications, and submission requirements, review the ADEA AADSAS Fee Assistance Program (FAP) document. Note that the FAP Submission site will not be accessible until May 12, 2020. For any questions, contact ADEA at FAPAADSAS@adea.org.
ARE YOU RE-APPLYING?

Overview

2. Ensure your profile information, including your contact information, is correct.

If You Choose to Copy Application Data

- Information such as coursework, official test scores, attached transcripts, etc. can be copied into the new application. Letters of evaluation, essays, payments, and program-specific information **cannot** be copied into the new application.

- Select the information you want to carry over. Unselected items will not carry over and cannot be recovered, so ensure your selections are complete before clicking **Save and Continue**.

- A notification alerts you that every section of the application for which you choose to copy application data will require your review. You will need to review each application section to confirm the data is accurate. Click **Continue**.

- A second notification provides instructions for accessing a PDF copy of your previous application. This PDF is only available if you submitted an application last cycle. Download the PDF before clicking **Continue**.

- Your selected data will begin copying to your new application. This can take up to 24 hours to complete and you will receive an email once the application is ready.

- To successfully copy official test scores, the name and date of birth on your new application must match the name and date of birth on your original application. Note that it can take several days for the matching process to complete.

- If you have a difference in name and date of birth, contact customer service to have your scores manually copied into your application.

- Request updated transcripts for new coursework or new awarded degrees (this include degrees that were listed as “expected” last cycle and have now been updated to “awarded”). These transcripts are required and should be requested after you finish updating your coursework.

Verifying New Coursework

Before Selecting a Program

- **Check the program's deadline requirements.** Ensure you have enough time to apply. Determine if ADEA AADSAS or your program requires evaluations, transcripts, or other supplementary materials - if so, these must be received prior to the deadline for your application to be considered complete. Once your application is complete, it takes on average two weeks to be verified.

- **Confirm your eligibility.** Research the program and determine if you are eligible to apply. Contact the program directly if you have any questions regarding your eligibility. We do not verify prerequisites and requirements so it is your responsibility to ensure you are eligible.

- **Confirm that the program still has seats available.** Some programs fill their classes prior to their posted deadline, even if they do not specifically state they offer rolling admissions. We strongly encourage you to contact your programs and ensure seats are still available before submitting your application. We cannot offer refunds if a school you selected has already filled its class, nor can we transfer the payment to another program.

**Overview:** In this section, you can opt to enter demographic information about your parent(s) or guardian(s), including where they reside, their level of education, current occupation, and role within your household. This section is not required and the information is only used for data and recruitment purposes.

**Education and Occupation (EO) Indicator:** ADEA AADSAS uses the Socioeconomic Status (SES) of your parents or guardians to produce an Education Occupation (EO) indicator score. The EO indicator is derived from your parent/guardian’s education and occupation information. Four education levels and two aggregate groups of occupations provide the schema that is used to determine the EO indicator for each parent/guardian.

One of the following EO indicators will be displayed to your programs for each parent/guardian listed on the ADEA AADSAS application:

- EO-1
- EO-2
- EO-3
- EO-4
- NC (Not Calculated)

The lowest socioeconomic group is EO-1 and the highest is EO-4.

As shown in the chart below, the occupational categories are aggregated into:

1. Service, clerical, skilled and unskilled labor
2. Executive, managerial, and professional

These categories are based on the U.S. Department of Labor Standard Occupational Classification schema.

The educational categories are aggregated into:

1. Less than a Bachelor’s degree
2. Bachelor’s degree
3. Master’s degree
4. Doctorate/professional degree

Continued on next slide…
Parent/Guardian

- The EO indicator is based upon having complete information for each parent. An indicator of NC (not calculated) will display when the parental/guardian occupation is listed as retired, military, homemaker, other, unknown, or not applicable. Additionally, when a parent/guardian is deceased and/or the education/occupation information is not available, NC will be listed as the EO indicator.

- The EO indicator is intended to provide additional information on your socioeconomic status that can assist a dental college or school in its holistic admissions review process. It is intended to help schools more accurately identify applicants who may be from a socioeconomically disadvantaged background. The dental schools can use EO scores along with other important factors to identify applicants who have the potential to contribute to their respective institutional goals and core missions.

Please select any and all of the options in this section which you feel best apply to you. Please note that this section is used for statistical purposes only and in no way affects your application or financial aid eligibility.

Other Information

DENTPIN

Enter your DENTPIN. This is a unique identification number that is assigned by the American Dental Association. Click here for more information or to obtain a DENTPIN.

Language Proficiency

- Select your first language (the language of your birth). If you speak additional languages, click Add Another Language. Then, select the language(s) and the level of your proficiency in each.

Military Status

- If you have US military experience, select your anticipated status at the time of enrollment from the drop-down. Select Not a member of the military if this does not apply.

Felony and Misdemeanor Convictions

- Indicate whether you’ve ever been convicted of a misdemeanor or felony. Note that most programs require satisfactory background check results as a condition of acceptance. Failure to disclose and provide accurate information about prior convictions may have serious consequences, such as annulment of acceptance offers, program dismissal, or other sanctions.

- Background checks reflect all prior convictions, guilty pleas, city ordinance citations (such as public intoxication), illegal possession(s) including possession of alcohol under the legal age, payments of fines (including traffic violations), and, in some cases, prior records thought to have been expunged. Note that in some states, common traffic violations may be considered misdemeanors.

- Candidates with criminal records due to felony offenses are encouraged to be aware of the potential impact for program acceptance and future licensure. Contact the programs you wish to apply to and state licensing agencies where you hope to practice for advice if you have a felony conviction or a criminal record. If you are uncertain of the status of a charge versus a conviction on your record, or if you are uncertain as to whether your offense was an infraction, misdemeanor, or a felony, contact the city, county, or state jurisdiction where the incident occurred.

- If you are convicted of a misdemeanor or felony prior to admission and/or matriculation, it is your responsibility to immediately inform your program(s).

Academic History

Requirements

- Report all institutions attended regardless of their relevance to the programs you are applying to. Failure to report an institution may cause your application to be undelivered. This can significantly delay the processing of your application. Report all institutions attended, including but not limited to:
  - courses taken in high school for college or university credit (Dual Enrollment)
  - summer courses
  - community college courses
  - US military academies (note that this does not include courses on SMART or JST transcripts)
  - post-baccalaureate, graduate, and doctoral work
  - study abroad, Canadian, and foreign work, etc.

- List all institutions on your application even if the coursework completed there was transferred to another institution.

- Report each institution only once, regardless of the number of degrees earned or gaps in the dates of attendance.

- Send official transcripts for each institution.

***In this section, ONLY complete the HIGH SCHOOL ATTENDED and COLLEGE ATTENDED section for now.
Click **Add Your High School**.

- Enter the name of your high school, the city and state where it is located, and graduation date, if applicable.
  - If you attended multiple high schools, only list the high school that you graduated and received a high school diploma from.
  - If you attended a high school outside of the United States, select **International**.
  - If you received your GED, please list GED as the name of the high school you attended, and the city/state which awarded your GED degree.

Click **Save This School**.
Colleges and Universities Attended

- **Adding a College or University**
  1. Click **Add a College**.
  2. Type and select your college. It may take several tries to find your school, especially if it shares its name with others or could be spelled differently. For example, if you attended "Saint John’s University," you may need to try "Saint John," "St. John," or "St John" (no period) to bring the school up on the list. If you exhausted all options and it does not appear, select **Can’t find your school?**
  3. Select if you obtained (or plan to obtain) a degree from the selected institution.
     1. If you earned or plan to earn a degree, provide details about the earned or expected degree.
     2. Click **Add another Degree** to add additional degrees, as needed.
  4. Select your college’s term system. You can usually find this on the back of your official transcripts, or you can contact your college’s registrar.
     1. Term system refers to the type of hours your credits are worth, not the length of the term or how many terms a year your college offered.
     2. If your transcript lists some courses as quarter and others as semester, enter the term type that is most common (i.e., if you have six quarter terms and two semester terms, enter quarter).
  5. Enter dates of the first and last terms you attended. Be sure to only enter each college you attended once, regardless of gaps in your attendance there.
  6. Click **Save This College** to complete the college entry.
Application Transcript Process

Sending Transcripts Electronically

Please note that electronic transcripts are not the same as emailed transcripts. ADEA AADSAS cannot accept transcripts sent via email.

- ADEA AADSAS only accepts electronic transcripts from Credentials Solutions, Parchment, and National Student Clearinghouse. If your school does not offer any of these services, your transcript must be sent by mail.
- UGA uses Parchment
- When using Parchment, select ADEA AADSAS as the recipient. If you can't select ADEA AADSAS and instead are asked for an email address, your transcript must be sent by mail. Do not send your transcript to the ADEA AADSAS customer service email.

Parchment

- Click here to see if your school offers the Parchment service. If your school is not listed, your transcript must be sent by mail. Otherwise, follow the instructions to proceed. Once your transcript is requested, it takes up to seven business days for it to post to your application. If your transcript is not posted after this timeframe, contact Parchment directly to confirm the order was completed, then contact customer service.
Application Transcript Process

Sending Transcripts

▶ Enter your colleges or universities in the Colleges Attended section before requesting any transcripts.
▶ Click Order under each school listed.
▶ Select if you are ordering an electronic transcript (recommended) or submitting a transcript via mail. You only need to submit one transcript from each school regardless of the number of programs you are applying to.
▶ If ordering an electronic transcript, select the electronic transcript vendor and follow the prompts. Review Sending Transcripts Electronically below for more guidance.
▶ If submitting a transcript via mail, click Download Transcript ID Form and print the form. Review Sending Transcripts by Mail on the next slide. I recommend using the electronic transcript service through Parchment. If you have issues with the service and want to mail your application, click here for step-by-step instructions.
▶ Click I Ordered My Transcript once you either requested an electronic transcript or downloaded the Transcript ID form. Or, click I Will Do This Later to return to Colleges Attended.
▶ Follow up with your school(s) to ensure that your transcripts were mailed, and obtain the date they sent them. Be aware that processing times vary by school and may take longer towards the end of a semester. Some schools may not send your transcript until the semester is over.
▶ Monitor the Check Status page to ensure your transcript is received. On average, it takes up to seven business days for your transcript to post to your application from the date we receive it. If your transcript is not posted after this timeframe, contact customer service.
1. Choose the option for Parchment and copy your transcript ID listed in step 3.

2. Type in the University of Georgia into the Parchment search bar.
3. Choose “I need to order my own credentials” and select continue.

4. You will be directed to the UGA website and you will click on the link under current students to log into the UGA portal.
Application Transcript Process

- **IF PARCHMENT E-TRANSCRIPT ($8.00):**

  - Choose the **Student tab** and click on **Student Records**, then choose **Request Official Transcripts**. It will redirect you to the My UGA Portal where you will need to log in with your student ID and password. Once you have done so, choose the Parchment Icon.

  Once you click on the Parchment icon it will direct you to another page. Type in **ADEA AADSAS** under institution and follow the instructions. Remember **DO NOT** send your transcripts before the application opens.

  You select “continue,” under “Document name” and paste the transcript ID number that was generated in step 3 of the application transcript request page. The second option is under “Order Options” you will choose “apply to graduate school” as your purpose. After you hit continue, you will be directed to your order details. Follow the instructions to check out.
***Monitor the application to ensure the transcript is received. It is the applicants responsibility to monitor their application for transcript receipt, even after the application is submitted. ADEA AADSAS will **NOT** notify applicants concerning missing transcripts. If it has been longer than 10 **business days** since the transcript was mailed and it has not been posted, the materials should be resubmitted. The status of all transcripts can be view in the “Check Status” tab at the top of the application home screen.

Transcript FAQs Cont…

1. How do I know what my primary institution is?
   ▶ Your primary institution is the college or university where you earned or will earn your first undergraduate college degree.

   ▶ Yes, you must enter all US and English Canadian coursework into the Transcript Entry section of the application. You can also opt to pay for Professional Transcript Entry (PTE).

3. How do I list my repeated courses?
   ▶ ADEA AADSAS considers a course to be repeated if you enrolled in the same course (with the same course title and prefix) again at the same college or university.

   Report all attempts of repeated coursework (including those that are currently in-progress or planned) and be sure to mark them as repeated during Transcript Review. Enter the number of credit hours attempted for each course, regardless of how many credits were actually earned.

4. Should I include foreign coursework in the Transcript Entry section?
   ▶ No.

5. Why is my ADEA AADSAS GPA different from the GPA on my transcripts?
   ▶ The ADEA AADSAS GPAs factor in all coursework taken, regardless of the college or university and any academic forgiveness policies. See Calculating Your ADEA AADSAS GPAs for more information.

6. I don’t agree with the GPA. How do I change it?
   ▶ The ADEA AADSAS GPAs factor in all coursework taken, regardless of the college or university and any academic forgiveness policies. If after reviewing your calculated coursework you find an error with your GPA, review Disputing and Correcting ADEA AADSAS Course Subjects and GPAs.

Transcript Course Entry

Requirements

- Reporting coursework accurately is your responsibility. Since credit values, grade values, and course subjects vary widely from school to school, your programs need some type of standardization so they can accurately compare applicants. This standardization is achieved by using your coursework to create a standard set of GPAs, ensuring you are compared to other applicants fairly and equally.

- Complete the Colleges Attended section before entering your courses.

- Report all courses on your transcripts, not just prerequisites. Be sure to include courses from which you withdrew, repeated courses, ungraded labs, test credits, gym courses, orientations, or other non-graded courses.

- Use official copies of your transcripts. Coursework must exactly match your official transcripts; don’t use an unofficial version, like a printout from your school’s website. List your courses under the correct term, year, and class level. Department prefixes and course numbers must precisely match those on your transcripts.

- Enter courses under the institution where you originally took the course, exactly as they appear on the original school’s transcript. Don’t list courses under the school in which the credits were transferred. You may need to go back to your Colleges Attended and add a school to enter the transfer credits for.
Coursework Entry Step-by-step

Enter a Term

▶ Click **Start** to begin entering courses for a college or university.
▶ Add a semester, quarter, or trimester depending on the term system you selected in the **Colleges Attended** section.
▶ Select a term.
▶ Select a year. Options are based on the time spans you selected in the **Colleges Attended** section.
▶ Select an academic status. Academic status refers to your status during the term you are inputting, not your current status. Refer to the list of Academic Status definitions below for more information. If you're entering courses for a term that is currently in progress or planned, select **In Progress/Planned**.
▶ Click **Save**.
▶ Continue adding terms, as needed.

Academic Status Definitions

- **Freshman-Senior**: Applies to all college- or university-level courses taken prior to your first bachelor's degree. In general, four-year students should list one year per designation and five-year students should list their last two years as senior. Non-traditional students should label their terms as evenly as possible in chronological order.
  - Dual enrollment courses (college courses taken during high school) are considered Freshman and should be listed under the college where you took them. Do not report these courses again as transfer credits at your undergraduate institution.
- **Post-Baccalaureate**: Applies to undergraduate level courses taken after your first bachelor's degree is earned. If you earned a second bachelor's degree, that is considered post-baccalaureate.
- **Graduate**: Applies to master's degree- and doctorate degree-level work only, regardless of whether the degree was earned. Work such as that taken in pursuit of a Ph.D, MD, PharmD, JD, JurisD, LL.D, DC., etc. are considered doctorate degree-level.
You will enter all of your courses each semester as it is designated on your transcript. **DO NOT** rush through this section as you will need to select the courses you have entered for later sections.

You will enter all of your courses each semester as it is designated on your transcript. **DO NOT** rush through this section as you will need to select the courses you have entered for later sections.

- **Course Code:** List the department prefix and number of the course, which will look something like this: “BIOL 1107” exactly as it appears on your transcript.

- **Course Title:** The title of the course as it appears on the transcript, which will say “Principles Of Bio I.” The course title may be abbreviated if it does not fit into the space provided and it is clear that it corresponds with the title listed on the transcript, i.e. “Anatomy and Physiology I,” abbreviated to “Anat and Phys 1.”

- **Course Subject:** The UGA FYOS course should be listed under “Special Topics.”

- **Credits:** Enter the number of credits for each course. A “credit” is the value of the course. For example “BIOL 1107,” will be listed a 3.00. You will needs to add BIOL 1107L as another course. Your course title would then be “Prin Biol I Lab,” and your credits would be 1.00. Remember list everything exactly as it appears on the transcript.

- The **CAS Grade** populates automatically. This allows us to standardize your coursework for all programs and cannot be edited. For more transcript entry details click [here](#).
Coursework Entry Step-by-step

- **Enter Courses for an In-Progress or Planned Term**
- You should enter any courses that you are currently taking or plan to take in the near future. This is not required, but is strongly recommended, as some programs require it. Note, however, that any term containing In Progress/Planned courses cannot be marked as complete; the entire term must be marked as In Progress/Planned. Contact your programs to determine if they require planned or in-progress coursework to be listed. Once you complete in-progress courses, you can update them in the application.

1. Make sure that you selected **In Progress/Planned** for the term you’re listing the course under. This alerts the system that you aren’t required to enter a grade for this course.
2. Enter the course code.
3. Enter the course title. You can abbreviate it if it does not fit in the text box.
4. Select the course subject. If you’re unsure, make your best guess.
5. Enter the expected course credits. Depending on the format of your credits, you may need to convert them. See the **Course Credits** section below for more details.
6. Click **Save All**.
7. Continue adding courses, as needed.
Coursework Entry Step-by-step

- Once all courses have been entered, a blue button will appear on the Transcript Entry page which says “Review and Finalize My Transcripts.” This process will allow applicants to designate specific courses study abroad, repeat, advanced placement etc.

- ADEA AADSAS is required to factor ALL attempts at courses into the GPA calculation, regardless of school or state’s academic forgiveness policies. Marking a course as “repeated” will NOT exclude it from your GPA calculation.

- ADEA AADSAS allows each dental school to request applicants to identify prerequisite coursework. Once the “Colleges Attended” and “Transcript Entry” sections are complete, go to “Program Materials” to identify prerequisite coursework for each dental school.
Course Selection

After you enter transcript information for all colleges attended, you will complete Transcript Review. In Transcript Review you will be asked to identify additional attributes about your coursework including Primary College and courses that are Repeated, Advanced Placement, Other Tests, Honors, and Study Abroad.

Primary College: The “Primary College” is the school at which the applicant earned or will earn his/her first bachelor’s Degree.
Transcript Review: Repeated Courses & AP Credit

Indicate if you repeated any of your courses. Courses should only be marked as repeated if you repeated them at the same institution (i.e., you retook the course for a higher grade). Withdrawn courses, courses taken at different schools, and courses taken multiple times for new credit (i.e., school band, physical education, etc) are not considered repeated. Record full credit values and grades for all repeated courses. ADEA AADSAS is required to include all repeated courses in GPA calculations, regardless of an institution’s or state’s academic forgiveness policies.

If you repeated courses, select Yes and click Continue. Then, click the plus sign next to the repeated courses for each college or university you attended.

Advanced Placement Credit: Indicate if you received Advanced Placement (AP) credit on the College Board Advanced Placement Exams for any of your courses.

If you received AP credit, select Yes and click Continue. Then, click the plus sign next to the advanced placement courses. Be sure to only select courses that are clearly marked as AP on your transcript.
Transcript Review: Additional Tests & Honors Courses

Other Test Credit: Indicate if you received credit for tests other than the AP exam, including International Baccalaureate (IB), CLEP, DANTE, Regents, or Institutional/Departmental exams (i.e., courses you "tested out of" at college or university).

If you received test credits, select Yes and click Continue. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as test credits on your transcript.

Honors Courses: Indicate if you took any honors courses, which are generally college or university courses taken at an honors level. These are usually designated with an "H" in the course number on your transcript. Note that earning Latin honors upon graduation does not mean your courses are retroactively considered "Honors."

If you took honors courses, select Yes and click Continue. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as honors on your transcript.
STUDY ABROAD information is the last section in the Transcript Review process. Once you finish here you can continue on to the next section: STANDARDIZED TESTS.
Standardized Tests

- **Self-Reported Test Scores**
  - You can self-report your Standardized Test scores or report tests you plan to take in the *Standardized Tests* section. Some of the programs you apply to may require you to report certain test scores; be sure to check with your programs to ensure you are completing all requirements.

  - Note that self-reporting your scores is not the same as providing official scores to your programs. If your programs require official test scores, see *Sending Official Test Scores* for more information.

- **Add a Test Score**
  1. Navigate to the *Standardized Tests* section.
  2. Find the test you took in the list and click *Add Test Score*. In some cases, you may only be able to enter scores for certain tests.
  3. Select *Yes* under *Have you taken the test*.
  4. Enter the date you took the test.
  5. Enter all applicable scores.
  6. Click *Save This Test*.

  - After submitting your application, you can continue to add new test entries to this section, but you cannot update or delete previous entries.

- **Add a Planned Test**
  1. Navigate to the *Standardized Tests* section.
  2. Find the test you took in the list and click *Add Test Score*. In some cases, you may only be able to enter scores for certain tests.
  3. Select *No* under *Have you taken the test*.
  4. Enter the date you plan to take the test.
  5. Click *Save This Test*. 
DAT Test Entry

ADD YOUR UNOFFICIAL DAT TEST SCORES HERE.

If you are planning to take the test after the application opens you can add when you plan to take the test in the DAT portion of the application. REMEMBER you can still SUBMIT without having your DAT scores.
Official DAT Scores

- You must contact ADA to have your official DAT scores sent to ADEA AADSAS. Once you do, ADA electronically sends your scores directly to ADEA AADSAS. Paper copies are not accepted.

- After you contact ADA, make sure you also self-report your DAT score in the **Standardized Tests** section of the application and include your DENTPIN. It takes approximately 10-12 business days from the date you make the request to post to your application.

- Make sure that the name, date of birth, and DENTPIN on your application match that on your DAT exam; otherwise, your scores will not automatically post to your account. If you believe there may be a discrepancy, wait until ADA processes your scores, then contact customer service so they can manually connect the scores to your application.

- Once your DAT scores are attached to your application, they cannot be removed should you decide you no longer want your programs to view them. Your DAT scores will also remain attached to your application if you re-apply. We recommend researching your programs to determine whether you want your DAT scores to be part of your application before you request them.

Before You Begin
Evaluations (sometimes called Letters of Evaluation, Letters of Reference, or Letters of Recommendation) are submitted by the evaluators themselves; they cannot be completed or submitted by the applicant or another party on behalf of the evaluator. ADEA AADSAS is not responsible for verifying evaluators’ identities. If a discrepancy is found, they reserve the right to contact the appropriate individuals to investigate and to share the discrepancy with all programs.

Before getting started, consider the following:

• **All evaluations must be submitted electronically** by evaluators using [Letters by Liaison](https://www.lettersbyliaison.com), the Recommender Portal.

• **Research each program’s requirements.** You should determine whether your programs have specific requirements regarding evaluator roles or relationships before listing evaluators on your application. Many programs have strict guidelines and completed evaluations cannot be removed or replaced.

• **Prepare your evaluators.** Once you choose your evaluators, be sure to inform them about the process and that they will be completing the evaluation electronically. ADEA AADSAS recommends getting their preferred email address and asking that they monitor that inbox for your evaluation request (which will come from [aadsasinfo@aadsasweb.org](mailto:aadsasinfo@aadsasweb.org)), including any junk or spam folders.

Please note that references from family members are generally frowned upon by admissions offices (DON'T DOT IT!). Click here to access our [Letter Writers Guide](https://www.aadsas.org/).
Letters Of Evaluation With INTERFOLIO

- How do I collect and send my letters?
  1. Sign up for a Dossier account.
  2. Collect letters into your account by requesting recommendations.
  3. Create an AADSAS application and they will attach your letter to the application once they receive it from your letter writer.

- How do I use Interfolio to deliver letters of recommendation to AADSAS?
  - If you have letters of recommendation stored in your Interfolio Dossier account, you can have Interfolio upload them directly to your AADSAS application using their online application delivery service.
  - A unique Interfolio email address will be generated for each confidential letter of recommendation stored in your account. You'll substitute this email address for your letter writer's email address in the recommendation letter section of the AADSAS online application.
  - Typically, you only need to deliver each letter once from Interfolio to AADSAS, regardless of the number of dental schools you're applying to. Click here to learn the cost of using Interfolio.
  - Click here to learn how to submit your letters.
  - Click here for the Pre-Professional Advising Office Interfolio Instructions.

Experiences

Overview

- In this section, you can enter your professional experiences in several categories, or types. Review the definitions below, consider the duties you performed, and choose the category that you think best fits the experience.

- **Note that since each program's definitions and requirements vary, ADEA AADSAS has no specific preference as to which category you choose.** These categories are broadly based on feedback from various dental programs and are not a comprehensive list of every type of experience. Your experience's individual job description and responsibilities should determine the category you select; however, it is not guaranteed that your experience will be accepted by every program in the way you categorize it.

- If you have any questions about your experiences fulfilling an individual program's prerequisite requirements, contact that program directly.

- Although you can enter any experiences that you believe are relevant to your application, we recommend focusing on those experiences within the last 10 years and at the collegiate level and above. Enter only current and in-progress experiences (not planned experiences), and check your program's requirements regarding documentation. If your experiences are considering on-going, only enter the hours you completed so far. Do not enter any in-progress or planned hours.

Utilize Core Competencies

- There are 15 Core Competencies created by the AAMC (Association of American Medical Colleges) and you can utilize these Core Competencies to help you write your 600 character description for all your experiences. Even though this was created for pre-med students, it is still useful to use as a pre-dental student. A competency is an observable behavior that combines knowledge, skills, values, and attitudes related to a specific activity. There are four categories: Interpersonal, Intrapersonal, Thinking and Reasoning and Science.

- This will help you understand how your experiences, particularly those which are not related to healthcare, are viewed and evaluated.

- The work and activities you are already involved with, and your life experiences, likely demonstrate these competencies. For example, you can demonstrate the scientific inquiry competency by excelling in scientific research, or illustrate a service orientation competency by leading a service trip.

- Click [here](#) for a Core Competencies Worksheet.
Utilize Core Competencies

Pre-Professional Competencies

- **Service Orientation**: Demonstrates a desire to help others and sensitivity to others’ needs and feelings; demonstrates a desire to alleviate others’ distress; recognizes and acts on his/her responsibilities to society; locally, nationally, and globally.

- **Social Skills**: Demonstrates an awareness of others’ needs, goals, feelings, and the ways that social and behavioral cues affect peoples’ interactions and behaviors; adjusts behaviors appropriately in response to these cues; treats others with respect.

Follow all safety protocols to ensure state and federal standards are being met.
How to Demonstrate Core Competencies

As an EMT, I would respond to emergency calls in order to provide efficient and immediate care to the critically ill and injured, and to transport the patient to a medical facility. This job provided me with real world experience dealing with patients and taught me how to work in very high-pressure situations. Before administering any patient care my team and I would need to evaluate the entire scene to determine the best course of action. This included evaluating if the scene was safe, how many people were injured, severity of injuries and if we needed to request additional help. Due to the nature of the job, decisions would have to be made very quickly so that care could be given to the patients.
How to Demonstrate Core Competencies

- Customer service part-time job:
  Collaboration, Teamwork, Oral Communication, Resilience (Problem solving)

As a hostess at Chili’s I was responsible for greeting and seating 50 groups of customers per shift. I had to coordinate with the wait staff in order to balance serving stations and ensure customer needs were being met. During peak hours I would need to communicate with the team to help any sections that were overwhelmed while also cleaning tables when needed to be able to seat more patrons.
You will also have a description box that allows 600 characters to list your duties regarding your experience.
Experiences FAQs

1. I haven’t begun my experience, but plan on doing so soon. Can I report that.
   - No, you cannot report “planned” experience. Once you have accumulated the experience, however, you can add new experiences to your application, even if you have already submitted it. Please note you cannot edit experiences which have already been entered. You may send updated information directly to the schools to which you are applying.

2. I have plans to add experiences after I submit my application. Can I add new experiences after I submit?
   - Yes, new experiences can be added but existing experiences cannot be updated after the application is submitted.

3. I’ve begun my experience, but plan on accumulating more hours before dental school begins. Can I include those?
   - In the experience sections, you may only document (in hours/weeks, etc.) the time already completed. Once you submit your application, you may not update your hours. However, in the text box under “duties,” you may clarify your expected time commitment, and send any updates directly to the schools which you are applying.

FAQ

Where do I send documentation of my experience hours?
ADEA AADSAS does not collect any documentation for the experience sections. If any schools require documentation, it should be submitted directly to them.

What is my “Title”? Who is my supervisor?
If you did not have an official title, you enter the type of activity you did; for example, “Dentist Shadow” or “Nurse Shadow,” etc. The organization is the location where or for whom the work took place and the supervisor is the person who was responsible for you or was in charge of your activity.

No. If you completed courses as part of on-the-job training, these can be listed under the appropriate job in the “Experiences” section of the application.

I do not have a transcript for my certification. What do I do?
Transcripts are not required for certifications. Even transcripts for certificates or Associate programs in Dental Hygiene or Dental Assisting don’t include the certifications on them, as the certifications are usually granted by state boards or similar organizations, not the schools themselves.
Personal Statement

Overview

This section is where you can write a brief statement explaining why you want to pursue a dental career.

Requirements

- 1 page, 4,500 characters including spaces
- Keep your topic general: Follow the prompt in this section to write your statement. Keep the statement general as this essay is sent to all the programs you apply to. If you plan to only apply to one program, we still strongly recommend keeping your statement general in case you later apply to additional programs. Once you submit your application, the essay cannot be edited or changed.
- Do not exceed the maximum length: You can see both the word and character count below the field in the application. The right-hand number shows the maximum number of characters that you can use in your essay. As you type, you can see how many characters are still available and the associated word count. Characters include spaces, carriage returns, and punctuation. You cannot save your essay if it exceeds the character limit.
- Use your own words: Plagiarizing any part of your essay is a violation of the code of conduct and may subject you to sanctions.
- Use simple formatting: Formatting such as tabs, italics, multiple spaces, etc., will not be saved. To delineate paragraphs, type a double return between each paragraph.

Proofreading

- Be sure to read over your essay several times to catch any spelling, grammar, punctuation, etc., errors before submitting. Once you submit your application, you cannot edit your essay. If you find an error after submission that you believe could have major effects on your application, we recommend sending a corrected copy directly to the programs you applied to.
Personal Statement Advice From The UGA Career Center

Writing Your Personal Statement for Health Professional School

There is no one way to write a personal statement, but there are some best practices and core elements of personal statements. Use some of this information to start writing; consider attending a personal statement workshop or setting up an individual appointment with your Career Consultant to fine-tune your statement.

Structuring Your Statement
Organize your Personal Statement just like you would any other essay: introduction, body, conclusion. Each body paragraph should be structured using PEEIL:

P: Point - topic sentence - what is the point you want to make?
E: Evidence - make your point - what evidence supports your point?
E: Explanation - explain your point - why is this relevant to the program you are pursuing?
I: Link - link your point to the next paragraph.

4 Key Components of Your Statement

1. Motivation
   Why do you want to pursue this career? Think about your initial aspiration and your ongoing preparation.

2. Fit
   How do you know this is the right career for you? Think about the values and personal qualities you possess that make you a good fit for this career. Consider how they match the profession.

3. Capacity
   How do you know that you have what it takes to be successful in this field? Assess your skills, strengths, weaknesses, and challenges. Put them in context of this profession.

4. Vision
   How do you want to impact the profession? Consider broad and specific goals.

Do’s & Don’ts
DO: Tell a story, find an angle, be specific.
DO: Write well & proofread!
DO: Use a clean, professional format.
DO: Stay within the word/character limit.
DON’T: Speak in clichés or generalities.
DON’T: Praise, whine, condescend, or repeat info from your resume.
DON’T: Submit supplemental materials unless they are requested.

Top 10 Tips for Writing Success

1. Plan ahead - time and content. Give yourself more time than you think you need to write your document. Identify the main points you wish to include before you start writing.

2. Narrow your purpose. Be sure you understand the directions you were given, and choose a narrow focus. Each sentence and paragraph should support your purpose and consider your audience.

3. Start in the middle. Introductions and conclusions often prove to be challenging to write. Start in the middle and just begin writing.

4. Embrace terrible first drafts. Allow yourself to make mistakes. Just write, knowing that you may throw out drafts entirely or make significant revisions. Remember that writing is a process.

5. Use strong action verbs. Limit state of being verbs (“is,” “are,” “was”) to only two or three per paragraph. Instead, use strong action verbs to make your writing more interesting.

6. Write in active voice. Using active voice instead of passive voice makes your writing easier to read. For example, write “I used Adobe InDesign to create engaging and creative publications” instead of “Adobe InDesign was used to create engaging and creative publications.”

7. Streamline your words. Avoid clutter, ensuring that each word adds to your purpose. At times, fewer words lead to strong sentences. For instance, “There are many people who are affected by a fear of public speaking” could be improved by writing “Many people fear public speaking.”

8. Use variety of sentence structures and lengths. Using the same sentence structure and length over and over again leads to dull writing. Instead of writing “I went to the grocery store, I bought some delicious chocolate chip cookies,” try “I went to the grocery store and bought some delicious chocolate chip cookies.”

9. Use transitional words and phrases. Transitions ensure that your sentences and paragraphs flow nicely for the reader. Simply repeating select words from one paragraph to the next serves as a useful transitional tool. Words like “additionally,” “however,” “therefore” and “consequently” can help with transitional flow as well.

10. Start and end strong. Capture your reader’s attention with an interesting opening that introduces your topic and supports your purpose of writing. A strong conclusion sums up your purpose and leaves the reader with a positive impression.

Reflective Writing Prompts

Use these prompts to practice writing personal content with details and structure.

1. If I could talk to my childhood self, the one thing I would say is...
2. What surprised you most about your life or life in general?
3. Write about a moment in your life you wish you could freeze and preserve.
4. Imagine living the day as someone else.
5. Write about a promise you want to make to yourself and keep.
6. I feel most energized when...

What is Verification?

**Definition**

- Verification is the process used to ensure all of your coursework was entered correctly and consistently. Since credit values, grade values, and course subjects vary widely from school to school, your programs need some type of standardization so they can accurately compare applicants. This standardization is achieved by using your coursework to create a standard set of GPAs, ensuring you are compared to other applicants fairly and equally.

- Several things happen during verification:
  - Each course you entered in the Transcript Entry section gets placed under a specific course subject category.
  - Each grade you entered in the Transcript Entry section gets converted to an ADEA AADSAS grade value.
  - GPAs are calculated using the converted grade values.
  - Your degrees are confirmed as awarded, if applicable.
  - If significant mistakes are found in your application during the verification process, your application will be undelivered, or returned to you for corrections.

**Timeline**

- Once all of your required application materials are received, your application's status changes to Complete and your application is placed in line to be verified. Verifications occur in chronological order and on average take two weeks to complete. Once your application is verified, you will receive a notification and your application's status will change to Verified.
How ADEA AADSAS Programs Receive Your Application

When Programs Review Your Application

► Once you pay for and submit your application, you’ll receive a confirmation email and we’ll send your application electronically to your programs. Your programs choose when to review your application. Once your application is verified, contact the programs directly with any questions about your application’s status.

Why Programs Don’t Receive Your Application

► Programs don’t receive your application when the following occurs:
  ▶ You did not submit your application to the program.
  ▶ You did not submit payment.
  ▶ Your application has an Undelivered status.
  ▶ Your application has been placed on hold. Applications are placed on hold when:
    ▪ You have created more than one application account for the cycle, and the duplicates are placed on hold.
    ▪ You have chosen to withdraw your application for the cycle.
    ▪ Your application has been suspended as a result of a code of conduct or ethics violation.
    ▪ A credit card payment was charged back.
  ▶ If your application is on hold, contact your program(s) for more information.
Calculating Your ADEA AADSAS GPAs

Overview

During verification, ADEA AADSAS uses the information you entered in the Transcript Entry section to calculate several GPAs, including GPAs for each institution you attended. To calculate these GPAs, each A-F or 0-100 grade you entered in the Grade field is first converted to a ADEA AADSAS numeric grade value, then multiplied by the attempted credits. The resulting product is Quality Points.

Your total Quality Points are then divided by your Attempted Credits to determine your GPA.

Non-graded credits are not included in your GPAs. Non-graded credits are earned credits for which you did not receive actual letter grades (e.g., advanced placement credits, “pass” or “satisfactory” credits, college board AP exams, etc.).

ADEA AADSAS calculates all GPAs in semester hours. Courses that were completed in quarter hours are converted to semester hours. The conversion ratio is 1.0 quarter hour = 0.667 semester hours.

Use the GPA Calculator to see how ADEA AADSAS will calculate your GPA.

CLICK HERE TO LEARN MORE ABOUT GPA CALCULATIONS. CLICK HERE FOR THE ADEA AADSAS GRADE VALUES CHART.

Do repeated courses factor into my GPA?
ADEA AADSAS must standardize applicant information throughout the country, and therefore does not recognize individual school or academic “forgiveness” policies in regard to repeated courses, as each college treats these situations differently. Some schools average the two grades together, other factor in the higher grades, some take the second grade even if it’s lower than the first, and others don’t recognize repeated courses at all. Therefore, ADEA AADSAS must factor both grades in your AADSAS GPA. Once your application arrives at your designated programs, they may or may not recalculate your GPA depending upon their own individual policies.

Where will I be able to view my GPAs?
Once coursework is verified, please log in to your account and visit the Check Status tab on the homepage of your application to download a PDF of your application and review your GPAs as your programs will see them.
Find Your GPA Calculations

- You can view your ADEA AADSAS GPAs once your application has been verified. To view your ADEA AADSAS GPAs:
  - From the application dashboard, navigate to the Submit Application tab.
  - Click the download button located next to any program you applied to.
  - Open the PDF and use the bookmarks to navigate to the Calculated GPA section.
Find Your GPA Calculations Cont.

Discrepancies

- Because of the standardization that occurs during verification, it is not uncommon to see GPA discrepancies between what your schools calculate and what ADEA AADSAS calculates. Discrepancies occur because:

- ADEA AADSAS does not recognize an individual school's policies for forgiveness, academic renewal, or grade replacement for repeated courses. All grades earned for repeated courses are factored into your ADEA AADSAS GPA.

- ADEA AADSAS's numeric grade values differ from an individual school's.

- ADEA AADSAS calculates all GPAs in semester hours. Courses that were completed in quarter hours are converted to semester hours. The conversion ratio is 1.0 quarter hour = 0.667 semester hours.

- ADEA AADSAS breaks down your GPA by academic year, not by college or university. Coursework completed at multiple schools for similar academic years get combined. For example, if you completed freshman coursework at College ABC and freshman coursework at College XYZ, ADEA AADSAS uses all of that coursework to calculate the GPA for your freshman academic year.

Overview

- After you submit, you can make limited changes to your application and materials. Review the changes allowed for coursework, transcripts, and other sections below.

Updating Your Coursework and Transcripts

- What is Academic Update?
  - Academic Update allows you to update planned or in-progress coursework that you completed since your application was originally verified. Academic Update is an optional process; check with your programs to determine if they require it. During the Academic Update window, you can also enter new planned/in-progress coursework for the upcoming term(s).

- Am I Eligible for Academic Update?
  - You are eligible for AU if you have at least one program in the Verified status by February 3, 2020. You can find your application status under the Check Status tab. Updates are available within the following timeframes:
    - August 14, 2020 and September 30, 2020
    - December 3, 2020 to February 3, 2021
  - You will receive an email when the Academic Update periods are open and available.
Updating Your ADEA AADSAS Application (Academic Update)

What Happens When I Update My Coursework?

- Academic Update helps ensure your programs have the most up-to-date information about your coursework. If you update your coursework during the Academic Update window, ADEA AADSAS verifies your new courses, calculates updated ADEA AADSAS GPAs, and sends this information to your programs.

- Since updated coursework will be verified, you must arrange for your updated official transcripts to be sent directly to ADEA AADSAS as soon as you receive an email confirmation from ADEA AADSAS confirming that your Academic Update was successfully submitted. Do not request that transcripts be sent to ADEA AADSAS beforehand; they will not qualify for Academic Update and will need to be resubmitted.

- Once your new transcripts are received, your new coursework is placed in line to be verified. Verifications occur in chronological order and on average take two weeks to complete. You will receive an email when your Academic Update is verified.

- Note that your application status will remain as Verified throughout the Academic Update process.

Which Courses Should I Update?

- You can update any coursework you initially marked as in-progress or planned, as well as add courses that are planned for the next term. You cannot update terms that are already verified or add terms from previous years (e.g., you forgot to add a term from 2014). If you are updating coursework as a re-applicant, review Use an Existing ADEA AADSAS Account to Re-apply.

- Note that you can only update your grades once during the Academic Update period. For example, if you’ve listed fall coursework as in-progress or planned, wait until that term is completed and you’ve received your final grades before you submit your Academic Update. Be mindful of the Academic Update deadline and submit before it closes.
